- ▶ **Health and Safety Assured** – All games are tested, insured and meet the highest safety standards

BRANDED GAMES HIRE

Our expert in-house branding team transform our games into unique, branded attractions. With our dedicated print studio and the latest equipment, we ensure your game arrives with impeccable branding, exactly as you expect.

Using specialist techniques, our trained team can apply custom branding to all our games, making each one bespoke to your event. Every element is printed and applied in-house, with great care and attention to detail — so you can be confident your branding is in safe hands.

After your event, your branding is removed and all games are cleaned, prepared and restocked for future use. Our branding process includes print, application, and removal. All we need from you is print-ready artwork, and we'll handle the rest. We provide dimensions and templates to help you create your designs.

NO BRANDING REQUIRED - NO PROBLEM!

Branded games not required for your event? Skip the design phase —our stock branding looks amazing right out of the box!

MOMENTS OF FUN

A PICTURE IS WORTH A THOUSAND WORDS

"An excellent service from Big Fun UK. Everything went so smoothly from quotation, to installation and collection, it couldn't have gone better. Would highly recommend and will be working together again in the future."

Annie, Exhibition Stand Builder

"We recently hired several of the claw grabber and lock boxes for in store events, these were really easy to use and our customers had a lot of fun using them. Team were great to work with throughout and everything was very smooth."

Carey, Retail Brand Activation

"We hired the Whack-a-Mole for an event in London and the service was incredible. The team were amazing—their support was superb. The machine was branded and looked fantastic. Thanks to Whack-a-Mole, our booth was the most popular! We'll definitely be hiring entertainment from them again"

Maria, Trade Stand Exhibitor
